

# SMITH CORONA COMPATIBILITY CHART

## Revised 11-01-2014

### How to use the Smith Corona Compatibility Chart:

1. If “Find” is NOT on your tool bar, click on “Edit” and “Find” on your top tool bar.
2. In the “Find” box enter the manufacturer or phone model # that you’re searching for:
3. If what appears is not the correct phone, click find next until you find what you’re looking for.
4. If you can’t find the phone you need compatibility for please call tech support at 800-399-3224 or email at [support@comfortel.com](mailto:support@comfortel.com).
5. **Please NOTE! “B” wiring is the standard wiring for Smith Corona Headsets bottom direct connection cord which is included with your purchase. (B wiring is the equivalent to Plantronics A10-16 Polaris cord #66268-02 and the C cord is the equivalent to Plantronics 26726-01 cord)**

Phone Manufacturer	MODEL	HEADSETS AND SYSTEM	Comments
<b>3COM</b>	2102, 3C10121, 3C10122, NBX1000 1102	M14, M16, M18 amp with any Smith Corona Headset

	IP 500(80), Sound Point IP 600(80) 501,500, 650, 430, 530, 550, V VX 500 CX200 (80) CX300 (80) CX500 (80) CX600 (80)		<b>Wireless: Most Polycom phones stand up at an angle and the handset is held in place at the top. There is no lip at the bottom of the phone to stop the handset from sliding off the phone when the lifter lifts the handset off the hook. Therefore you need to order P13632 which is a lifter accessory. This is an L shaped part that adheres to the phone where the handset sits at the bottom so when the lifter lifts the receiver the device stops the handset from falling off the phone.</b>
